Design features

Upon first glance, The eyes will be firmly locked by the unique buffalo horn decoration. The design inspiration is drawn from the heroic posture of buffalo horns, and is integrated into the appearance of the seat with exquisite ideas, giving the seat a distinct three-dimensional sense. Among the stereotyped seats, it stands out easily with this uniqueness, with both dominance and beauty. Every line has been carefully polished, smooth and natural, just like telling a story of strength and elegance. Such a unique shape is not only a visual feast, but also a symbol of personality and taste.

Buffalo horn shaped decoration, showing unique charm.

Six Functions - Thoughtful Design High-end Experience

3D Headrest

5D Armrest

Sliding seat

Up&down lumbar support

Backrest and armrest linkage

Wire-control
3 angles locking mechanism

BULL Series

ERGONOMIC

Double-piece lumbar support fits the curve precisely and disperses pressure, so you won't feel tired when sitting for along time and protect your lumbar spine health

The backrest and armrest are linked to enhance the comfort of the elbow. When reclining, the armrest fits the elbow, and the design says goodbye to fatigue.

BULL Series

ERGONOMIC

The seat can be adjusted forward and backward, suitable for different body types, easily find a comfortable sitting posture, and enjoy the convenience.

BULL Series

 ERGONOMIC

Adopting international environmental protection standard plastic, non-polluting, zero release, wear-resistant and impact-resistant, durable and more reassuring safe and quality coexist, while taking into account the advantages of market price.
